METHODOLOGY

BEST PLACES TO WORK SELECTION PROCESS

The Boston Business Journal's Best Places to Work was compiled through a survey conducted by Quantum Workplace. Employees of nominated companies were asked to complete an online survey that uses a scale of 1 to 5 (from "strongly disagree" to "strongly agree") for each question. Categories include work environment, work-life balance, job satisfaction, advancement opportunities, management, compensation and benefits.

Participating companies needed a minimum level of employee participation, based on the number of employees in Massachusetts, to be considered as an honoree.

Once the required number of surveys were completed, the scores were averaged for each question and an overall score was calculated for each company.

Multiyear Winner

Companies that have been honored for five or more years are designated as multiyear winners on the list.
